Then suddenly, when we still seemed very near, we saw the ship was sinking rapidly. I was in the bow of the boat with my daughter and turned to see the great ship take a plunge toward the bow, the two forward funnels seemed to lean and then she seemed to break in half as if cut with a knife, and as the bow went under the lights went out; the stern stood up for several minutes, black against the stars, and then that, too, plunged down, and there was no sound for what seemed like hours, and then began the cries for help of people drowning all around us, which seemed to go on forever. - Emily Ryerson Just before midnight on April 14, 1912, the RMS Titanic, the largest ship in the world, hit an iceberg, starting a chain of events that would ultimately make it history s most famous, and notorious, ship. In the over 100 years since it sank on its maiden voyage, the Titanic has been the subject of endless fascination, as evidenced by the efforts to find its final resting spot, the museums full of its objects, and the countless books, documentaries, and movies made about the doomed ocean liner. The Titanic was neither the first nor last big ship to sink, so it s clear that much of its appeal stems from the nature of ship itself. Indeed, the Titanic stands out not just for its end but for its beginning, specifically the fact...
