

## Psychical Investigations: Some Personally-Observed Proofs of Survival (Paperback)

Filesize: 8.14 MB

### ***Reviews***

*The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.*  
*(Audra King IV)*

## **PSYCHICAL INVESTIGATIONS: SOME PERSONALLY-OBSERVED PROOFS OF SURVIVAL (PAPERBACK)**

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The cry of Job is in millions of hearts the most haunting a poignant question of to-day: If a man die, shall he live again? The writer of this work believes that the question may be answered with a yes, and that he has adequate evidence to support the conviction that personal survival is a fact. Fully two-thirds of the book is taken up with a report of sittings with well known mediums. This is followed by a discussion of home mediumship, telepathy and survival, psychical phenomena in earlier times, pre-existence and the afterlife, and psychical research and religion. The author s view is summarized by saying, I believe that we survive death, that we are met by friends when we go over, and that progress continues on the other side; and for me this is enough at present. It only remains to add that the book, together with many of like nature, will appeal strongly to bereaved souls, to whom another life has become the one all-absorbing interest of thought and longing. - The Homiletic Review, Volume 76 [1918].
