

The Health Practitioner's Guide to Climate Change: Diagnosis and Cure

By Jenny Griffiths, Mala Rao, Fiona Adshead, Allison Thorpe, R. K. Pachauri

Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, The Health Practitioner's Guide to Climate Change: Diagnosis and Cure, Jenny Griffiths, Mala Rao, Fiona Adshead, Allison Thorpe, R. K. Pachauri, Highly commended in the Public Health category, BMA Medical Awards 2010 There are enormous health benefits from tackling climate change. This is the first book to set out what health practitioners can do to prevent the worst impacts of climate change, to make health services sustainable, and to design healthy, sustainable communities. The book: - provides an introduction for health practitioners and students to climate change and its current and future health impacts - describes the relationship between health and the environment - gives facts and figures on greenhouse gas emissions - sets out the huge benefits to health of acting on climate change - explains what health practitioners can do - at home, at work and in their organizations, and - shows how you can support action in communities, nationally and globally. Essential reading for: - health professionals, local government, built environment professionals - students across all sectors of health, medicine and public administration - community and voluntary sector, NGOs - the business community involved in private healthcare....

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- **Cathrine Larkin Sr.**

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.
