Guardian Angel: Life and Death Adventures with Pararescue, the World's Most Powerful Commando Rescue Force (Hardback)

By William N. Sine

Casemate Books, United States, 2012. Hardback. Book Condition: New. 231 x 152 mm. Language: English . Brand New Book. U.S. Air Force Pararescue is the most skillful and capable rescue force in the world, taking on some of the most dangerous rescue missions imaginable. PJs (short for para-jumpers), are members of an elite unit whose commando skills are so wide-reaching they often seem like something out of science fiction. They routinely tackle perilous operations that are beyond the capabilities of other rescue organisations, and sometimes dare the seemingly impossible. Since their inception in 1947, PJs have saved more than thirty thousand lives. They can pluck near-frozen climbers off jagged mountaintops as well as recover shot-down jet pilots stranded deep in hostile territory. In the dead of night, the PJs parachute into ominous black waves that loom twenty feet tall to save distressed seamen, and brave the cruellest and most desolate deserts to recover victims. U.S. Air Force pararescuemen have played a prominent role in every armed conflict since the Korean War, rescuing thousands of soldiers from behind enemy lines. Guardian Angel provides a rare glimpse at a PJ's mind-blowing adventures. You follow Sgt. Sine's trek across exotic lands...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
