The term itself can set a person free from miseries. As humans, we all crave for love. In love lies the true essence of life. Despite all the grace and glory of love, why is it so hard to keep a love life alive in this civilized world? In spite of all human efforts from both sides of a romantic relationship, why do relationships fail so often? The secret lies deep inside the human mind. The mind is a beautiful and mysterious apparatus, that often plays tricks on us beyond our human understanding. Above all, the male and female minds are two vividly different worlds. Each world has its own distinctive brain circuits. And the key to a healthy, lasting and cheerful relationship can be found deep within those fascinating circuits. In the book we discover how distinctive the male and female minds are and what makes each of them tick.
