Brand New Book ***** Print on Demand *****.Excerpt from The Bedrock of Belief, the Foundations of Religion The present work concludes the line of thought set forth in the two companion volumes, Christ s Masterpiece and His Only Son Combined, the three courses of lectures, which are given to the public in the form in which they were delivered as Lenten Lectures in St. Francis Xavier (College) Church, form a compendious exposition of Christian apologetics. It is a remarkable fact that many of the religious errors of today, as well as of the past, are due in great part to false philosophical principles. This fact emphasizes the importance of the considerations herewith presented, wherein the rational grounds of religion are established.
