Prometheus Books. Hardback. Book Condition: new. BRAND NEW, Real World of a Forensic Scientist: Renowned Experts Reveal What it Takes to Solve Crimes, Henry C. Lee, Elaine M. Pagliaro, Katherine Ramsland, With the skyrocketing popularity of TV crime shows like "CSI" and "CSI-Miami", interest in forensic science has reached unprecedented levels. However compelling these programs are as dramas, they spread many misconceptions about the real world of the forensic scientist. Students who wish to pursue a career in this field are often unaware of the many diverse career choices available or have superficial notions of the rigors involved. In this in-depth insider's guide to this crucial area of criminal investigation, renowned forensic scientist Henry C Lee, along with veteran forensic experts Elaine M Pagliaro and Katherine Ramsland, provides a realistic picture of the education, skills, challenges, and rewards involved in the many specialties that encompass forensic science. Each of these specialties plays a role in unraveling seemingly baffling crimes. The first part of the book highlights Dr. Lee's personal story and forty-year career to demonstrate how forensic science developed in the twentieth century and came to be recognized by the courts and law enforcement as a crucial approach to investigating crimes. Dr. Lee shares many interesting stories about his experiences and those of his colleagues, who were instrumental in developing forensic science laboratories in the United States. The second part focuses on careers in forensic science, illustrated by descriptions of high profile cases that required different forensic disciplines, including engineering, accounting, psychology, crime scene investigation, and DNA analysis. These cases also underscore the importance of forensic evidence in criminal and civil cases, national security, environmental protection, and public safety. The third part presents the various specialties in forensic science created by the American Academy of Forensic Science; describes the types...
