Brand New Book ***** Print on Demand *****.Excerpt from Ye Booke of Ye Cards From the earliest times, cards have been used for the purpose of divination; those invented or probably adapted for Charles VI. of France, were by no means the first. Many of them date back many years, B.C., and were known to the Chinese, Chaldaens, and various other nations of the East. In Europe they came into vogue about the time of Charles VI., but were introduced much earlier in the century by the Moors, though there is no authentic date to go by. The Tarot are the most ancient, but as these are very complicated, and everyone may not care to take the trouble to study them. I have left them to the last, giving the simpler methods first. If the reader has the patience and time to study these latter, he will be amply rewarded for his trouble. Even if he does not succeed in obtaining the occult meaning, he will be afforded many an hour s amusement, and my little manuel has been written towards that end.
