Facing the Change: Personal Encounters with Global Warming (Paperback)

By -

Torrey House Press, United States, 2013. Paperback. Book Condition: New. 200 x 134 mm. Language: English . Brand New Book. Steven Pavlos Holmes offers a rich, refreshing, and much-needed collection of personal responses to climate change. Though the volume is slender, its selections of poetry and prose written over the past ten years by a variety of mostly lesser-known authors provide a tonal and emotional diversity that makes the collection accessible. I used the book to great success in a first-year humanities seminar on climate change. Stephen Siperstein, ISLE One puts down this book with a real sense of hope for the future. It is also a book worth dipping into from time to time, yielding enough variety to sustain a rereading, enough urgency in its many voices to remind us why we need to act, and enough wisdom in its insights to persuade us that we can each make a difference. GREEN LETTERS: STUDIES IN ECOCRITICISM Amidst the current deluge of statistics about global warming, this book provides a refreshing look at how individuals are affected. This is a beautiful book to keep near, open at random, and share the words of gifted writers as they prepare for the coming changes. PUBLISHERS...
